Cozumel: Long before Cancun became a popular destination, Cozumel was well-known as a diving spot and home to the world famous Palancar Reef, which gives divers the opportunity to view thousands of brilliantly colored fish. Non-divers can kick back on a sun-drenched beach, or enjoy any number of seaside activities, such as shopping in colorful marketplaces or dining in an open-air café. **Belize City:** This tropical paradise promises adventure, both onshore and off. Crystalline rivers flow through impressive lowland jungles, home to a myriad of rare wildlife. Silky sand beaches, waving palms and colorful coral gardens are just part of Belize's natural wonders. Whether mountain biking through a lush rainforest or snorkeling with sharks, you'll experience things you've only imagined. **Costa Maya:** Tucked between Playa del Carmen and Belize, Costa Maya's brilliant Caribbean seas, silky sand beaches and verdant jungle appear to be unchanged since ruled by the vast Mayan empire more than 1,000 years ago. The only break in the emerald horizon is the occasional beach hut. Secluded jungle settings lend an air of mystery. Wild twining orchids, bougainvillea and stately ceiba trees abound. Don't miss the 8-foot-high stucco faces at Kohunlich's Temple of the Masks or the Grand Pyramids at Chacchoben. **Nassau,** the capital of The Bahamas, is located on New Providence Island and offers a variety of experiences from non-stop excitement to peaceful relaxation. Nassau is the center of industry, commerce and communications and presents a special charm which captures the elegance of the old world while at the same time incorporating up-to-the-minute modern features. Here one will find well-preserved colonial buildings, exciting attractions, duty free shopping, one of the largest straw markets in the Caribbean, thrilling land and sea sports, pristine beaches, delightful cuisine and unique cultural activities. Beautiful Paradise Island is linked to Nassau by bridge and has gorgeous beaches, luxury hotels and first class entertainment.
