Please Support Our Fundraiser With Your Purchase

One taste of this Gourmet Coffee and we are sure you will become a customer forever.

No Brewing Necessary,
Just Add Hot Water!

Not Only Good, But Good For You! Each delicious cup of Ganovia is infused with "Super Foods" known to promote health & wellness.

Also Taste Great As A
Refreshing Cold Drink!

Known as the miraculous king of herbs, the ganoderma mushroom has been used for centuries to promote health and longevity. Containing hundreds of antioxidants, this "Super Food" is held in high regard in the Orient. Japan and China use this extract as a licensed medical treatment. This extract helps to promote a natural immune system to maintain balance in the body.

Conveniently carry these single-serving coffee packs with you anywhere and prepare at anytime.

Ganovia Gourmet Coffee, **30-Pack** - \$25.00

Ganovia Gourmet Coffee, **4-Pack** - \$5.00

Used in Chinese medicine for nearly 4,000 years, this "Super Food" is full of powerful antioxidants. It's also high in protein and contains high levels of Vitamins C, A, E & B. In fact, goji berries contain more iron than spinach and more beta carotene than carrots. In China, this is known as their super energizing herb, and one can certainly see why!

Some consider this to be the ultimate "Super Food" and is known for having restorative and energizing properties. In fact, this food can be found today in the pharmaceutical industry, supplement manufacturing, and as a food additive. It's extremely high in beta glucans, which helps to support proper oxygen levels in the body. By maintaining an oxygen-rich environment, your body is better armed to ward off disease.

Experience Ganovia coffee health benefits
