

Preferred Award Price List

Certificate **prices are for two people** sharing a stateroom and are available in different categories for each length of cruise. Once purchased and awarded all certificates can be upgraded by the recipient for an additional fee. Certificate levels include all Carnival ships sailing itineraries of that length except as noted. Certificates are valid for 18 months. Certificate purchase requires signed agreement.

ULTIMATE - Just what the name implies this certificate is valid for a number of 12 day Mediterranean cruises in a category 8A balcony room or a variety of our 7 & 8 day ships in a category 11 suite including New York and Alaska. These certificates include all Government taxes, fees, shipboard gratuities, and fuel supplement.

PREMIUM - These certificates are valid year-round with blackouts only during the last two weeks of December. Premium certificates can also include additional ships that may not be available with our other categories. These certificates include all Government taxes, fees, shipboard gratuities, and fuel supplement.

SUPERIOR - Superior level certificates offer most of the flexibility of our Premium Certificates and have a lower cost in exchange for the additional blackout dates that include Summer travel, holiday weekends and the sailings that surround the Easter holiday. With the large number of ships available Superior certificates make good sense when you want to offer options while controlling costs. These certificates include all Government taxes, fees, shipboard gratuities, and fuel supplement.

CHOICE - These certificates provide greater savings while still allowing you to offer a cruise award. Valid for travel during the Fall only, the Choice level gives participants the option of booking in the Fall at no additional out of pocket expense or upgrading to another time of year using the full value of their Choice award certificate. These certificates include all Government taxes, fees, shipboard gratuities, and fuel supplement.

SPECIAL - Lowering the cost even further, yet maintaining the quality that is a trademark of a Carnival Cruise, Special certificates work just like our Choice level but do not include the Government Fees, Taxes, Gratuities, or fuel supplement. The guest pays for these at the time of booking their cruise.

EXTRA SPECIAL - A special offer on selected ships that provide the greatest value in cruising. This season's special certificate is valid on the Fascination out of Miami. The certificate holder can choose either a 3-day weekend cruise or a 4-day mid week cruise during our fall season. Taxes, fees, shipboard gratuities, and fuel supplement are not included.

SPA AND GOLF CERTIFICATE - Add a special treat to any certificate by including this \$400 on board credit for a rewarding spa or golf experience.

All prices are for two people sharing the same stateroom
